Subject fees contribute to the cost of some materials used and consumed by students in the course e.g. expendable items such as food, wood, textile materials, leather, pottery clay, etc.

The senior textbook fee enables the school to maintain the costly process of updating resources for senior students.

We would like to take this opportunity to stress the importance of your fees in the context of our school's overall finances. We assure all parents that no embarrassment or discrimination will occur in our school as a result of non-payment of the fees. Should you wish, the Principal or Deputy Principal will be pleased to discuss difficulties with you including support and options for payment by installments e.g. term payments.
